

BEFORE YOUR SESSION

The Pre-Session Checklist

Five small things to do before you log on. None of them take more than a few minutes, and together they change the whole energy of the conversation.

- ☐ **Write down one thing your co-parent does well as a parent.** Just one. We'll start the session there, on purpose.
- ☐ **Name the specific behavior you want to change,** not their whole character. "Late pickups" is workable. "He never respects my time" is a trial, not a conversation.
- ☐ **Decide what a win looks like for your kid,** separate from what a win looks like for you. Write it in one sentence.
- ☐ **Put your phone on do-not-disturb** for the full session. No half-listening.
- ☐ **Take three slow breaths before you join the call.** In for four counts, hold for four, out for six.
